

# ERAU-NASA-NSF AEROSPACE CYBERSECURITY WORKSHOP STUDENT TRAVEL GRANTS

The ERAU-NASA-NSF Aerospace Cybersecurity Workshop is a two-day event to advance aviation and space cybersecurity. Students join stakeholders for panels and interactive activities, networking opportunities, and a hands-in capture the flag competition with cash prizes! [Learn more here.](#)

**Embry-Riddle Prescott is accepting student travel grant applications for its April 16-17, 2025 event.**

Each travel grant is designed to partially cover travel expenses such as airline tickets and hotel stays.

Grant amounts are as follows:

- \$500 for students within the state of Arizona
- \$1,000 for students outside of Arizona

In order to apply, **students must be enrolled in a U.S. institution.** Preference is given to students who are working on cybersecurity topics and can present a **cybersecurity research poster**, show evidence of financial need to attend the workshop, and commit to participate in the **capture-the-flag competition.**

**For more information, please contact:**

Dr. Krishna Sampigethaya  
Professor and Chair, Cyber Intelligence and Security,  
NSF SFS Program PI for ERAU-Prescott  
[sampiger@erau.edu](mailto:sampiger@erau.edu)

**Interested students should submit their application by Monday, March 17, 2025.** Applications should consist of a single PDF file that includes:

- A resume.
- A statement from the student indicating their interests in aerospace cybersecurity, as well as how they expect to benefit from attending the workshop.
- A letter of recommendation from the student's advisor with a justification of the student's financial need.
