

## 2025 CAE in Cybersecurity Symposium CAE in Cyber Defense (CD) Track April 8-10, 2025

Charleston, South Carolina

<https://www.caecommunity.org/CAEsymposium2025/cae-cd>

### Call for Submissions/Abstracts

Our 12th annual CAE in Cybersecurity Community Symposium will take place on April 8-10, 2025, in Charleston, South Carolina. The Symposium event is designed to provide CAE members and applicants the opportunity to network, receive community updates, and present their projects to the community. We are seeking proposals from CAE in Cybersecurity - Cyber Defense (CAE-CD) community members for lightning talks (10 min), presentations or mini workshops (20 min), and posters (unaccompanied).

Posters will be on display without presentation and viewable by Symposium attendees. Following are the guidelines for proposed topics for lightning talks, presentations, mini workshops, and posters. Please keep in mind that there are a limited number of sessions. The CAE Symposium's community-generated program will showcase best practices, stories of successful collaborations, lessons learned, future directions, and solutions to community-wide issues within the CAE-CD track. Commercial or sales presentations will not be considered. We welcome your submission!

Please read this page carefully before you begin work on your proposal and be sure to submit by the deadline: January 15, 2025. Review the Author's Guidelines and submit an abstract proposal via the CAE-CD Track EasyChair:

#### Important Dates/Deadlines:

- Submission deadline for extended abstracts: **January 15, 2025**
- Reviews and responses to authors: **February 12, 2025**
- Submission of the final version of accepted abstracts (in DOCx) and presentation slides (in PDFs): **February 26, 2025**

#### Submit an Extended Abstract for these Categories:

- Presentation/Mini Workshop (Time slots: 20 minutes per session)
- Lightning Talk (Time slots: 10 minutes per session)
- Poster (Unaccompanied poster)

All submissions are double-blind refereed. See submission requirements at <https://www.caecommunity.org/CAEsymposium2025/cae-cd> "Author's Guidelines". All accepted submissions will include an Extended Abstract that will be published in the CAE-CD Track Proceedings. **\*\*\*By submitting an abstract, you agree to serve on the Program Committee and conduct a peer-review of at least three abstracts\*\*\***

#### Suggested Topics

The CAE-CD Track invites submissions dealing with topics including, but not limited to:

- AI for Cybersecurity
- Automotive cybersecurity
- CAE Community of Practice in Cyber Defense (CoP-CD) Initiatives
- Capstone/graduate projects
- Careers in cybersecurity
- Cyber resilience strategies
- Cybersecurity awareness
- Cybersecurity in Healthcare and Health Informatics
- Cybersecurity tools
- Emerging trends in cybersecurity
- Ethical and Privacy Concerns, Risk Management, and System Auditing
- Governance, Risk, and Compliance (GRC)
- Higher education, training, and lifelong Learning in cybersecurity
- K-12 cybersecurity
- Maritime cybersecurity
- Mobile and Ubiquitous Communications security
- NCAE-C Initiatives
- Security Education, Training, and Awareness (SETA) programs
- Security for AI
- Small and complex research projects
- Social Engineering and human factor in cybersecurity
- Space cybersecurity
- Student club activities
